## Unable To Get Together

### Government Breaks Off Negotiations With Meat Workers On Strike 51 Days

WASHINGTON, May 5—(AP)—Government efforts to end the 51-day meat workers' strike broke off today without any sign of progress.

The Federal Mediation and Conciliation Service ended a series of negotiating sessions with the "big four" packing companies and the striking CIO Packing House Workers. Apparently there were no hopes in sight for a settlement of the dispute.

The talks were understood to be at a stand still because of the union's refusal to accept a nine-cent hourly wage increase offered by the companies. The packing concerns refused to boost the amount.

The four companies are Swift, Cudahy, Wilson and Armour.

**No Agreement**  
Earlier, J. E. Wilson, general superintendent for Swift and Co., said "There are no prospects of reaching an agreement with the union for settling the strike." He said "The company has commenced operations in the struck plants and production is rapidly increasing."

Wilson's statement was issued as the talks with Cyrus Ching, director of the Federal Conciliation Service, came to a halt.

The strike started March 16. The CIO Packing House Workers are demanding a 29-cent an hour increase.

**Statement Issued**  
The Mediation Service issued the following statement:

"The joint conference between the Packing House Workers union and the representatives of Armour, Cudahy, Swift and Wilson recessed this afternoon. The service is continuing to consult with the parties and has requested the parties to hold themselves available for further conferences in Chicago, on the call of this service."

The conciliation service gave no indication when it will call the negotiators together again in Chicago.

## FBI Inquiry Into Clash

KANSAS CITY, May 5—(AP)—Dwight Brantley, local director of the Federal Bureau of Investigation, said today his agents were investigating the clash involving police and strikers at the Cudahy packing plant in Kansas City, Kas., April 23.

He said the investigation, which began this week, was undertaken at the request of T. Vincent Quinn, in charge of the criminal division of the department of justice.

"We are seeking to determine if there was any evidence of violation of civil rights statutes at the time of the incident," Brantley said.

A number of strikers were injured in the disturbance near the Cudahy plant, when 70 policemen wrecked a union hall operated by the United Packing House Workers Union, CIO. Ten strikers were hospitalized.

The police had been ordered to stop mass picketing at the plant, one of three major plants here effected by the walkout.

**Bothwell Hospital Notes**

**Ozarks In Blossom**

SARCOXIE, Mo., May 5—(AP)—The famed Ozark peony fields here have started to blossom and thousands of persons are expected to make their annual pilgrimage to the fields this week end.

The fields will be in full bloom Sunday, Sarcoxie peony fields annually attract many thousands of visitors.

**Retired Farmer Dies**

MARSHALL, Mo., May 5—(AP)—Nick Imhan, 78, retired farmer and stockman of Slater, Mo., died today after an illness of three months.

Until recently he was active in the Democratic party in the county.

## King Solomon Had Nothing on This Postmaster

ENTERPRISE, Kas., May 5—(AP)—Keith and Kay, sons of Mr. and Mrs. Roy Rutz, picked up the mail at the post office, placed it in a paper sack and started home.

The mail included a \$100 government check for Orville Rutz, a brother who recently was mustered out of the army.

A sudden gust of wind caught the sack and swept it out of sight. When a search proved unsuccessful, Postmaster C. H. Johnson suggested that a similar sack be turned loose in the wind and the progress of its flight watched.

The trial sack came to rest against a railroad track—four feet from the sack containing the check.

**Smith-Cotton Students Play For Lions Club**

Six Smith-Cotton high school music artists appeared before the Sedalia Lions club, today, and presented a program. The group was brought to the club by J. T. Alexander, director of music, at the high school, who introduced them.

Mr. Alexander in his introduction explained that none of the students was under his supervision, all being students of private instructors. However, several are members of classes under his direction.

Miss Mary Frances Burlingame, played a violin solo accompanied by Miss Ruth Ann Yunker at the piano.

**Soprano Solo**

Miss Mary Frances McCurdy, gave a soprano solo accompanied by Miss Dorothy Ann Reed.

A piano solo was presented by Miss Yunker.

James Dittmer sang a solo and was accompanied by Miss Reed.

Miss Patricia Opp played a flute solo and was accompanied by Miss Yunker.

Guests at the meeting were Frank Summers, Kansas City, of Charles Maggard and Neville Jonson, Sedalia, of R. F. Neeld, and Don McKay, member of the Lions club of Independence.

The club members, by secret written ballot, expressed their preference for officers for the coming year. These ballots go to a nominating committee, named by the president, and they in turn will present the names of a slate at the next meeting.

William F. Brown, president, presided.

**Names Street Commissioner**

NEVADA, Mo., May 5—(AP)—The Nevada city council which a week ago accepted the resignation of city manager Edwin H. Allen, last night dismissed him so it could name a street commissioner.

In accepting the resignation, the council gave Allen a two weeks' vacation. It then appointed city clerk Ernest B. Gray to succeed him May 15, the effective date of the resignation.

Last night the council wished to re-create the post of street commissioner, a post abolished a year ago, and name a man to fill the position.

With the city manager on vacation, the council was unable to act, so it dismissed Allen and made Gray's appointment effective immediately.

N. A. Craighead was named commissioner.

**Forming New Club**

KANSAS CITY, May 5—(AP)—Organization of the Railroad Employees Club of America, Inc., was announced yesterday by Charles J. Hitchcock of Kansas City, a railroad conductor.

Hitchcock characterized the organization as a "non-profit, social, educational and political" corporation. He said there are approximately 600 railroad home terminals where it is planned to establish units.

**Demands Must be Met or Teachers Will Not Return**

PROVIDENCE, R. I., May 5—(AP)—Representatives of 600 striking Providence school teachers insisted today their demands for a single salary schedule will have to be met before they return to work.

Walter Brownward, president of the AFL Teachers Alliance, said the strike, which began yesterday, will end only "upon definite assurance of a single salary schedule next fall."

Under the single salary program teachers would receive the same pay regardless of the grade taught. They also asked an immediate \$200 pay raise and subsequent pay boosts of \$150 yearly to a \$4,800 maximum.

The scale now ranges from \$2,100 to \$4,800 a year. A higher rate is paid teachers in certain grades.

**Could Not Assure Financing**

School Committee Chairman James J. Gallogly said that "no permanent financing of a single salary schedule could be assured at this time."

The strike of half of the city's 1,200 teachers closed 60 of 67 public schools when members of the non-union Providence Teachers' Association voted not to cross picket lines.

A small group of teachers not associated with either organization conducted classes in seven schools with a total attendance of 1,200 students.

About 27,000 pupils in the other schools were given an unexpected vacation.

## To Entertain Delegates To Convention

### Banquets And Reception Will Be Held Tonight

The second day of the convention of the Missouri Disciples of Christ, being held at the First Christian church, opened this morning with a breakfast session at 8:00 o'clock for church school workers and a ministers breakfast held at the St. Paul's Lutheran church, followed by a morning session at the First Christian church, a luncheon session at Epworth Methodist church and the afternoon session at the First Christian church.

Dr. Roy Snodgrass, Amarillo, Tex., President International Convention for 1948, the highest honor in the Christian church will give the address tonight at the evening session to be held at the First Christian church starting at 7:45.

Peter Solomon, a student from India, attending Phillips university, Enid, Okla., will be the speaker at the youth banquet at 6:00 o'clock at the Trinity Lutheran church. A bus load of young people from Kansas City Christian churches will come to Sedalia this evening to attend the banquet.

**Banquets Tonight**

The Women's banquet will be held at 8:00 o'clock tonight at the First Christian church with the principal address given by Don McGavran, missionary to India.

The Laymen's banquet will be held at 8:00 o'clock at the Fifth Street Methodist church with Eugene S. Briggs, President of Phillips university as the speaker.

A convention reception will be held at the First Christian church in the church parlors from 9:20 to 10 tonight, presenting new ministers in Missouri, ministerial and missionary students, retired ministers, missionaries as well as convention guests. In the receiving line will be Rev. and Mrs. Kokendoffer, Rev. and Mrs. E. L. Knight and Rev. and Mrs. J. W. Watts.

**Dr. Briggs Speaks**

Dr. Briggs spoke at the ministers breakfast this morning was Dr. E. S. Briggs of Enid, Okla., president of Phillips university.

Dr. Briggs chose as his topic, "Men of God."

As an individual, a minister's place is in the life of his people as a spokesman for God—he has no other purpose, Dr. Briggs said. He is God's agent and, he stated, should come to the pulpit from the foot of the cross, which symbolizes a dead ego and resurrected soul. The minister represents, for his people, the peace maker who brings God's word to their hearts, said the speaker.

Men in every generation are hungry for heart to heart presentation of the gospel, he said.

Dr. Briggs stressed the need for ministers to encourage young men to go into the ministry. Plant the seed of the gospel in the young man's heart, he said, and thus we transplant our lives into the future.

**Luncheon Speaker**

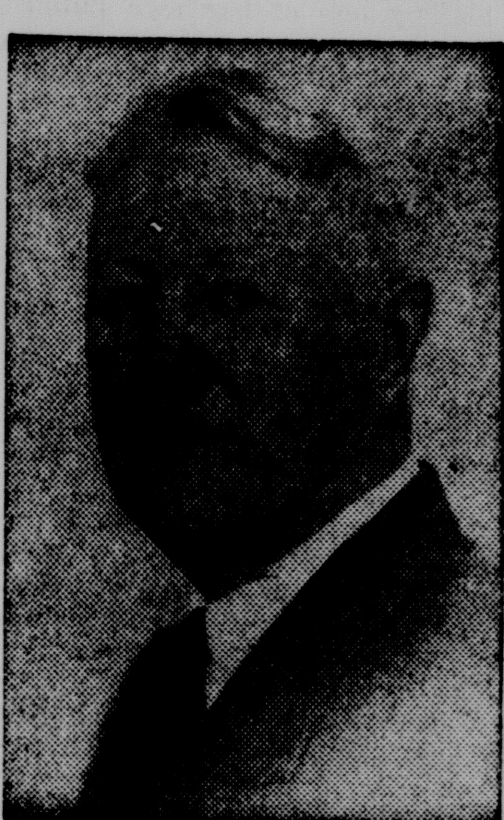

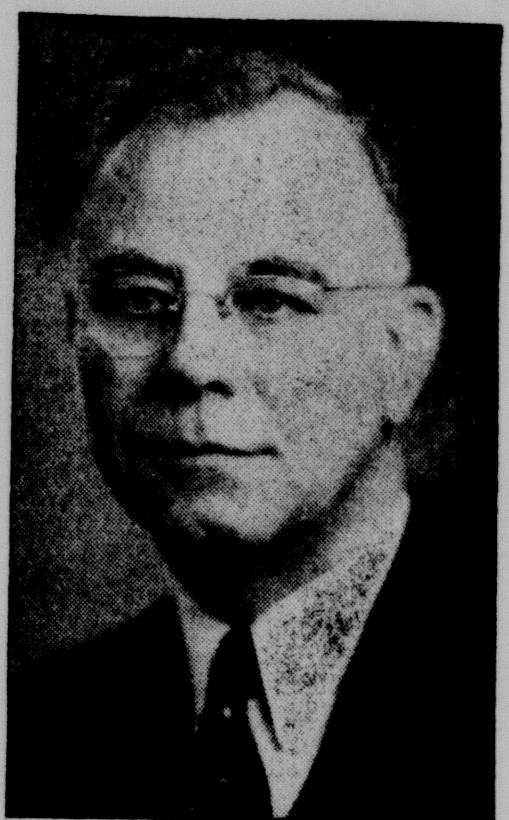

A second address was given by Dr. Briggs at the luncheon today noon at the Epworth Methodist church, the subject of which was, "Rise Up, Oh, Men of God." In worship, he said, are courage and faith that banish fear. It must be clear that trust enables disciples to go forward, he said, who declared the evidence of hush surrender of self of His guidance comes to all those who find beyond their petty fears and passing troubles, assurance of the Divine Comforter.

The speaker at the morning session was William Pearcey, secretary of church erection, from Indianapolis, speaking on the subject "Miracles Without Magic." Mr. Pearcey was representing the Crusade of the Christian World and pictured what is happening throughout the denominations, what is happening to Missouri. He stressed the responsibility of the church and the individual for the Crusade, of joining hands together for a forward movement for Christ and the church. "We must outlive, must outgrow and outdo 20th century paganism," he said.

"The most important question," Mr. Pearcey said, "is what are you going to do with your life. It depends on the individual what is going to happen. Lots of people think we can get a better world at this time."

## Attending Church Convention

Among outstanding speakers attending the 109th annual convention of the Missouri Disciples of Christ, at the First Christian church in Sedalia are the above. Top left: Richard Pope, dean of Drury college, Springfield, Mo.; top right, Don McGavran, missionary to India; lower left, Eugene Briggs, president Phillips university, Enid, Okla.; lower right, H. B. McCormick, Indianapolis, Ind., president United Christian Missionary Society.

## Important Events In The World Today

WASHINGTON, May 5—(AP)—Secretary of State Marshall said today a principal aim of American foreign policy is "to find peaceful solutions to our differences with the Soviet Union."

Marshall and Warren R. Austin, American representative in the United Nations, testified before the House Foreign Affairs committee in opposition to the suggestions for drastic revision of the U. N.

The secretary of state said it would be "unfortunate" to break off the relationship the United States has with Russia in the U. N.

He said this country seeks to convince Russia leaders that the Soviet Union can live side by side in peace with the western powers in the U. N.

WASHINGTON, May 5—(AP)—Backers of the Oleo tax repeal bill scored a victory today as the Senate voted 47 to 30 to send the House-passed measure to the Senate Finance committee.

The Senate thus reversed the decision of its presiding officer, Senator Vandenberg (R-Mich.).

The vote was on appeal by Senator Fulbright (D-Ark.) to set aside Vandenberg's ruling that the bill should be handled by the Agriculture committee.

Backers of the margarine measure have contended the bill would have a better and quicker chance of winning approval if assigned to the finance group.

Of Missouri's two Republican senators, Donnell voted for referral to the agriculture committee, Kem to the finance committee.

JERUSALEM, May 5—(AP)—The United Nations Truce Commission conferred in Jericho with Arab representatives today on an Arab-Jewish truce for all Jerusalem, officials announced.

The commission met with Trans-Jordan's deputy foreign minister, Hussein Siraj; Taqquddin Al Solh, brother of the Lebanese premier, and Ahmed Hilmi Pasha of the Palestine Arab higher executive.

Both the old and new quarters of Jerusalem were comparatively quiet under the British-enforced cease fire order, but there was intermittent shooting throughout the night and morning in the outskirts.

## Saturday Night Storm Knocked Out Phones

The wind, rain, lightning and hail Saturday night knocked out about 450 telephones in the Sedalia area, 200 of them rural phones, according to T. M. Mullaly, manager. The phones affected are within a 25-mile radius of Sedalia. Thirty-one long distance circuits were out.

The greatest damage was probably done from lightning. Telephone crews have been working from daylight until twilight making repairs and hope to have everything back in shape before long.

## Warrensburg Turns Down Bond Issues

### Columbia Authorizes Commission to Write Special Charter

By The Associated Press

Proposals placed before voters in three Missouri cities, including Warrensburg, today were rejected yesterday at the polls.

Warrensburg turned down bond issues totaling \$681,000 for a new school building and a sewer disposal plant and extensions. The school issue for \$211,000 was defeated when it failed by 66 votes to attain a two-thirds majority. Sewer bonds of \$470,000 were voted down, 1,048 to 958, failing even to obtain a simple majority.

Lebanon defeated a bond proposal of \$15,000 for improvement of the Municipal Airport, 510 to 415.

**Light Vote At Hannibal**

In extremely light voting at Hannibal proposals for establishing city garbage collections and installation of parking meters were defeated. John M. Canlon, incumbent, defeated Robert C. Briscoe for a three-year term in the City Council.

Chillicothe voters approved a \$1 increase in the school levy for a four-year period and endorsed a bond issue of \$293,000 for construction of three new schools.

The levy attained a two-thirds majority by a margin of 103 votes, and the bond issue squeezed by a margin of 91 votes in exceptionally heavy balloting.

Columbia authorized establishment of a commission to write a special charter for the city embodying the principles of the city manager form of government. The vote was 2,453 to 2,120. Thirteen commissioners, who were unopposed, were named.

**Trapeze Artist Killed**

CHANSTON, R. I., May 5—(AP)—A 29-year-old trapeze artist died today after plunging 110 feet to the ground when his "thrill drop" mistified at a carnival here last night.

Nicholas Cozzolino, of Chatham, N. Y., fell when his trapeze bar, suspended from the wrists of a fellow acrobat, slipped from one of the ropes holding it.

**The Weather**

Central Missouri: Showers tonight, becoming partly cloudy Thursday. Little change in temperature, lowest tonight near 50.

Temperature: 7 a. m., 51 degrees; 3 p. m., 58 degrees.

Rainfall: .37 inch.

Sun rise 5:11 a. m. Sun set 7:09 p. m.

## Conspiracy to Buy Votes Case Is Dismissed

### Witnesses Would Not Testify; Are Within Rights

CAPE GIRARDEAU, Mo., May 5—(AP)—The federal court trial of three Scott county Democrats charged with conspiracy to buy votes in the 1946 general election ended abruptly today after government attorneys asked for and were granted a dismissal.

U. S. District Judge Ruben Hulen explained to the jury that the witnesses, 12 of whom refused to testify yesterday, were within their rights on constitutional grounds.

Most of them, though not indicted, were named in the St. Louis grand jury indictments as co-conspirators in the alleged vote frauds.

The court pointed out it was just as much a violation of the law to accept money for voting as it was to pay it out.

The government intended to wind up its prosecution in the two-day-old hearing with testimony today of Federal Bureau of Investigation agents.

**Had No Case**

Lafayette Broome of Washington, an assistant attorney general, asked for the dismissal at the opening of court. He said it was obvious what was happening and that since key witnesses of the government refused to testify the government could not make a case.

It was not immediately determined what effect the dismissal would have on similar charges against several Butler county Republicans. The case against them was instructed to return June 28, presumably for that hearing.

It became evident yesterday that the government would get very little cooperation from the witnesses, most of them Negroes.

While U. S. District Judge Ruben Hulen ruled the reluctant witnesses were acting under their constitutional rights, he remarked at one point:

"I think we're overworking the constitution on a lot of these questions."

**Hulen Angry**

Later he became angry when one woman witness testified she couldn't remember whether she had received \$1 for voting.

"Did somebody tell you to come in here and not answer questions?" Judge Hulen asked. "Why aren't you answering these questions? Are you afraid you will be prosecuted for violating the law?"

The three defendants indicted by a St. Louis federal grand jury in January are Charles Blanton, Jr., Sikeston newspaper editor; N. E. Fuchs, Sikeston automobile dealer; and Grover C. Baker, Scott county collector.

**Civil Rights Program Issue**

By Leroy Sims  
BIRMINGHAM, Ala., May 5—(AP)—Alabama's Democrats today apparently had made certain that neither President Truman nor any other advocate of a civil rights program would get this state's 11 electoral votes.

Presidential electors pledged against Truman because of the civil rights issue were ahead on incomplete returns from yesterday's primary. They also were pledged against any nominee who advocates changing southern racial laws.

The Alabama primary is equivalent to election.

Twenty-one of the 28 candidates for the 11 election posts signed the pledge. All of the 11 leaders were from this group.

They have the right, under a state supreme court ruling, to vote for any man of their choice. Alabama has given its electoral votes to every Democratic nominee since 1872.

**Cattle Show to be at Springfield Fair**

SPRINGFIELD, Mo., May 5—(AP)—The Red Poll Cattle Club of America will hold its 1948 national show at Ozark Empire district fair, which will be held here August 14-20, fair secretary manager G. B. Boyd said today.

Boyd said he had received a letter of confirmation from A. E. Young of Meadville, Mo., president of the Missouri Red Poll club. It will be the first time the Red Poll show has been held at other than a state fair, Boyd said, and it will attract 225 head of cattle from 12 states.

**Postmasters Nominated**

WASHINGTON, May 5—(AP)—President Truman has sent to the Senate these postmaster nominations for Missouri:

Lola E. Frohne, High Ridge; Doris N. Cornish, Nelson; and Mildred F. Parsons, Syracuse.

## Bird Family Has Up-to-date Modern Home

GLENDALE, Calif., May 5—(AP)—These modern sparrows:

A sparrow, his bride and their four youngsters, born one week ago, are living in an air conditioned, well heated apartment in a traffic signal at a busy intersection.

The little family occupies the "go" section of the signal. Mr. and Mrs. Sparrow have the housing situation whipped. The green light furnishes the heat, the signal arm whips up a zephyr regularly, and the city of Glendale furnishes the rent.

Birds that live in trees are out of date.

**Great Volume Of Business Next Few Years**

ST. LOUIS, May 5—(AP)—The United States will experience the greatest volume of business in its history in the next 10 or 20 years, Robert L. Thornton, board chairman of the Dallas, Texas, Mercantile National Bank, predicted yesterday.

He told the Missouri Bankers Association convention there is little to fear from inflation and expressed the belief the nation has suffered more in the past from deflation than from inflation.

With an expanded national debt, he asserted, the nation must have an inflated dollar. The debt could not be repaid with a "contracted dollar."

"There is no danger of a panic if we keep ourselves in balance—both mentally and on the ledger—and if we practice ordinary prudence and common horse sense," he concluded.

**Blames Spending**

The American Bankers Association president, Joseph M. Dodge of Detroit, said government spending is contributing more to the inflationary situation "than any possible acts of all the banks combined." He said increased use of bank credit is a result of inflation and not the cause.

He blamed "alarmist propaganda" for some of the inflationary threat, through a tendency to accelerate purchases and encourage buying of items which possibly may be in short supply. It tends to reverse, he said, what was a growing tendency to wait for lower prices.

Electing as Missouri officers with the American Bankers Association were:

Executive council, John Minton of St. Louis; Walter S. Pettit of Springfield and Wheaton M. C. Dawson of Grant City.

**Truman to Tour The Northwest**

WASHINGTON, May 5—(AP)—Senator Magnuson (D-Wash.) said today President Truman will tour the Pacific northwest when he goes to Berkeley, Calif., for a speech at the University of California June 12.

Magnuson talked with reporters just after a conference with Mr. Truman.

He said the president will stop at Spokane, Seattle and Olympia, Wash.

Gov. Mon Wallgren of Washington, an old friend, will be the host at Olympia.

In the Pasco Hanford area the president will view the Hanford atomic energy project.

The first stop on the trip probably will be at Chicago June 4. The president will address the opening celebration of the 100th anniversary of Swedish immigration into the midwest.

From Chicago, he probably will go to Omaha, Neb., for the annual reunion of the 35th Division with which he served in the first world war.

**Cut Soap Products Price**

CAMBRIDGE, Mass., May 5—(AP)—Lever Brothers Co., today reduced the wholesale price of its major soap products approximately 6 per cent, effective immediately. A decline in the cost of raw materials was given as the reason for the price cut.

**NEW YORK, May 5—(AP)—The Procter & Gamble Co., America's largest soap maker, today cut wholesale soap prices 6 per cent. The cut, second made this year, results from a decline in costs of fats used in soap manufacture, the company said.**

**Cut Taft's Vote In Ohio to 14**

COLUMBUS, O., May 5—(AP)—A last minute swing of vote tabulations in Akron today cut to 14 Senator Robert A. Taft's probable total in the ballot battle over Ohio's 23 contested GOP presidential votes.

After trailing earlier, a Stassen man climbed into the lead over a Taft delegate with only four precincts missing in yesterday's primary returns from the Fourteenth Congressional district, which includes Akron.

Stassen already had won one delegate place there among six certain to be in his corner. He was leading in three other races for a possible total of nine.

On nearly complete returns, Taft had 11 delegates safely in his camp. His men led in three other races.

### Van Natta 4-H Club Meeting

Members of the Van Natta multi-workers 4-H club and their parents met at the school house Friday, April 30, at 8:00 o'clock for the regular business meeting followed by a wiener roast.

The meeting was opened by the president Ann Harding. All repeated the 4-H club pledge. Roll call was answered by "A Flower I Will Plant." Thirteen members, two leaders and twenty-four visitors were present.

Bonnie Gorrell, project chairman, reported on the garden meeting and demonstrations given on April 5th; a poultry meeting and demonstration given on April 15th; and a clothing meeting and 1:00 o'clock luncheon held April 23 at the home of Mrs. George Buchholz. Ann Harding, Bonnie Gorrell, Evelyn Scotten, Mary Frances Wimer, Virginia Landis and Patsy Kindle each gave a demonstration as they prepared and cooked foods from cook books one and two. In the afternoon a clothing meeting demonstrations were given.

**Rural Life Sunday**  
Miss Mary Anderson and members planned a program for Rural Life Sunday May 2. Plans were made to attend the 4-H meeting at Liberty Park, May 8th.

After the meeting everyone took part in the wiener roast. Soda pop was served by club members. Many games were played and enjoyed by all present. Harold Scotten and Warren Fiedler won awards.

A project meeting on "rabbits" will be held May 20th, at the home of Mac Harding; an all-day meeting May 27th at the home of Mrs. George Buchholz on cooking and sewing.

The next regular meeting will be held June 4th beginning at 2:00 o'clock. A tour of all 4-H gardens is planned and a poultry meeting at the home of Donald Wimer. Roll call will be answered by "A Vegetable That Begins With One Initial of My Name."

### Prairie Ridge Club Meeting

The Prairie Ridge club met April 28 at the home of Mrs. Henry Patterson. A contributive lunch was served at the noon hour to twenty-six members and eight visitors. The visitors were: Mrs. James Curry, Mrs. Milligan Karriek, Mrs. D. C. Schlomer, Mrs. J. W. Craig, Mrs. Roy Swope, Mrs. Joe Wolf and Betty Lou, Mrs. Basil Hall and Mrs. Minnie Reid from California.

The meeting was called to order by the president, Mrs. Harold Schanz. The devotional service was led by Mrs. J. O. Coffelt. In

#### Television From Missouri to East

NEW YORK, May 5—(AP)—The National Broadcasting Co. said Tuesday it will have a 16-station television network stretching from Missouri to Massachusetts by the end of this year.

Frank E. Mullen, executive vice president of NBC, announced the signing of three more affiliates which he said would be major links in the company's central states network due to be operating by October. They are KSD-TV, St. Louis; WWJ-TV, Detroit, and WTMJ-TV, Milwaukee.

Mullen said the midwest NBC network would be linked to the east coast hook up later in the fall. By the middle of 1952, he added, NBC's television network will have a minimum of 90 stations from coast to coast.

#### Missouri Legionnaires Honor Truman

Charles Keck, sculptor, stands beside the completed bronze bust of President Harry S. Truman, which the American Legion will present to Governor Phil M. Donnelly in ceremonies in the rotunda of the Missouri State Capitol at Jefferson City, Sunday, May 9. The presentation, by the Missouri Department of the American Legion, will be in honor of President Truman, who is a legionnaire. Peter S. Miravalle of St. Louis, is general chairman of the committee for honoring Legionnaire Truman. Taking part in the ceremony at the state capitol will be National Commander James F. O'Neil and Raymond S. Roberts, commander of the Missouri department of the legion.

JEFFERSON CITY, May 4—Peter S. Miravalle of St. Louis, general chairman of the Missouri Department of the American Legion of a committee for honoring Legionnaire Harry S. Truman, the first president of the United States from Missouri, announced today that a bronze bust of the president would be presented to Governor Phil M. Donnelly in ceremonies to be held in the rotunda of the Missouri capitol at 2:30 p. m. Sunday, May 9.

The presentation of the bust to the state of Missouri by the members of the American Legion is expected to draw hundreds of citizens of Missouri to the state capitol as well as large groups of veterans. Taking part in the ceremony will be National Commander James F. O'Neil and Raymond S. Roberts, commander of the Missouri department.

More than 100 distinguished guests, who will attend the ceremony, including high ranking military and naval officers, prominent citizens of Missouri, heads of business, labor organizations, churchmen, educators and others, will be entertained at a dinner to be held at the Governor hotel at 12, noon on May 9.

The dinner will be limited to 400 and M. P. Dribben of Jefferson City, will be in charge of the dinner and hotel reservations.

The distinguished guests are being invited by a subcommittee headed by Major General Paul Robinett of Mountain Grove.

John G. Jeffries of Hannibal, senior vice commander, is directing the publicity for the ceremonies.

William B. Stone of Kansas City national committeeman from Missouri, has lent valuable assistance to the committee.

Mrs. Edward L. Brewer, president of the Missouri Department Auxiliary and her staff will be in charge of a reception for distinguished guests in the governor's reception room at the state capitol immediately following the presentation ceremonies at 3:30 o'clock on May 9.

Attorney Lue Lozier of Jefferson City is in charge of a subcommittee handling details of the big affair at Jefferson City. Adrian Bushman of Clayton, immediate past commander of the Missouri Department, announced that the bust would stand on a native granite pedestal in keeping with the architecture of the rotunda of the capitol.

At the last convention of the Missouri Department of the Legion held in St. Louis the sum of \$7,500 was voted to the committee to spend on the bust. The bust is by Charles Keck, famous sculptor.

Other members of the committee are Marcus Kirkland, secretary, Farmington; Bartlett Boder, St. Joseph; Jerome F. Duggan, St. Louis; Hal Beardsley, Chillicothe; Bennett Champ Clark of Washington, D. C.; Perry Compton of Montgomery City; Steve Kriwanek, St. Louis; Harry Landreth, Joplin; Thomas Mahoney, St. Louis; John Newberry, Jefferson City; Peter T. O'Brien, Sedalia; Dr. Harry Parker, Warrensburg; James S. Reeves, Caruthersville; Col. Lew Renfrow, Washington, D. C.; Dr. C. A. Ross, Kansas City; Earl Shackelford, Jefferson City; Maj. Gen. Harry H. Vaughn, Washington, D. C. and William A. Wear, Springfield.

#### Challenge No Women on Panel

WELLINGTON, Kas., May 5—(AP)—The defense challenged as illegal Tuesday failure to include women in the jury panel for the murder trial of George Neff.

Mrs. Olea Wynn is to be a principal witness against the lanky, 46-year-old Perth, Kas., farmer, the defense motion said.

It added that there is "good cause" to believe she herself "may have been guilty of the acts" charged against Neff.

Neff is charged with murder in the Nov. 17 death of his wife, Jessie, and the Dec. 16 fatal shooting of Kenneth Wynn—Mrs. Wynn's husband.

In a signed statement, since repudiated, Neff told officers he poisoned his wife and shot Wynn because of passion for Mrs. Wynn.

Mrs. Neff's sister.

The statement told of a 22-year-long illicit affair with Mrs. Wynn—the woman who signed the murder complaint against him. Later, Neff said his admission was to protect Mrs. Wynn.

Neither Neff nor Mrs. Wynn were in the courtroom today. Ten spectators looked on.

District Judge Wendell Ready set the defense motion for hearing Friday, at the start of Neff's trial.

In feed value for livestock, 100 pounds of potatoes equals 100 pounds of corn silage, 22 pounds of shelled corn or 35 pounds of alfalfa hay.

#### Awakes From a '12-Year Sleep'

WHITE PINE, Tenn., May 5—(AP)—Mrs. Clara Runnels, 52, has awakened from what her doctor termed a "12-year sleep from a mild form of encephalitis."

Dr. Jarret Williams said Mrs. Runnels apparently had been unable to recognize anyone until recent weeks.

Mrs. Runnels lives with her sister-in-law, Mrs. Alfred Sartain. Mrs. Sartain said she was nearly scared out of her wits recently when she went into Mrs. Runnels' room and asked, as had been her daily custom for years:

"Mrs. Runnels, how are you this morning?"

"I am just fine," Mrs. Runnels replied. She opened her eyes and asked "How are you?"

Mrs. Sartain said these were the first words her sister-in-law had spoken to her since she became ill 12 years ago.

Dr. Williams said Mrs. Runnels, who now is up and about her home, apparently remembers little of the 12 years she spent in bed.

## The Daily Washington Merry-go-Round

by Drew Pearson

WASHINGTON, May 5—Sen. Robert Taft, worried about his poor showing in the presidential polls, has been consulting with professional opinion researchers. Their advice has been that he become known as a "liberal."

One of Taft's advisers is Dr. Claude E. Robinson of Princeton, N. J., president of Opinion Research Corporation, who has collected opinions on Taft from all over the country.

"You are so busy with the practical side of government," he told the senator, "that you have lost sight of the fact that people think in terms of goals. You should start letting people know that you are on the side of the Lord."

He suggested that Taft reveal himself in his "true role" as a liberal and stress his stand for the public good, that he start by examining the question of what is a liberal and defining it as one who believes in liberty and higher living standards. The strategy then is to show that Taft possesses the practical sense to achieve these goals.

Dr. Robinson warned that the public is still fearful that the Republican party represents "reaction and the vested interests." He quoted a typical opinion from his surveys — that "no poor man should be a Republican." The best way to combat this, he recommended is to set up goals and catch the eye of the common man. Taft could bid for the leadership of the true "revolutionary" movement—the revolution which started July 4, 1776, advised Dr. Robinson.

He also tried to console Taft over the results of the Gallup

poll which registers his political strength at an alarming low. Taft's standing against President Truman was just one Republican contender against the undisputed Democratic candidate, Dr. Robinson pointed out. If Taft were the sole Republican nominee, the results would be different.

It was shortly after consulting with Dr. Robinson that Taft came out with his political "new look," starting off with a speech, "What is a liberal?"

Note — Dr. Robinson works for one division of the Gallup poll — that which handles private research. Dr. George Gallup, head of the poll, is a close friend of Governor Dewey's and frequently advises him on public reaction.

**Battle Over Syrup**

A small-scale battle similar to the oleomargarine feud is in the offing—this time over maple syrup.

Vermont's conscientious Senator George Aiken, who can detect pure Vermont maple syrup from all the synthetic substitutes, will crack down on restaurants that offer maple syrup on the menu, then serve corn syrup instead.

Aiken has already consulted the food and drug administration and the federal trade commission. He argues that if restaurants can get away with passing off corn syrup as maple syrup, they will start substituting margarine for butter, as soon as the taxes on yellow margarine are lifted.

Incidentally, Aiken is a powerful member of the senate agriculture committee which must pass on the repeal of margarine taxes. That battle has only passed the house — is only half won.

**Air Force Waits for Taft**

While Senator Robert Taft was fighting for his political life in Ohio, he still tried to run the senate by long distance telephone.

He kept Acting Senate Leader Kenneth Wherry constantly on the end of the wire, and insisted upon holding up all controversial measures until he could get back and pass on them. As a result, the senate was forced to recess intermittently — despite the fact that the spring logjam of bills was worse than ever.

At least one Republican, however, Senator Styles Bridges of New Hampshire, refused to stop the legislative wheels merely because Taft was busy campaigning. Ignoring the red light from Ohio, Bridges hurried through with his vital appropriation bill, granting funds to expand the air force to 70 groups.

But Taft got on the phone again and demanded that Wherry keep the bill off the floor until the Ohio primaries were over.

"It's a policy matter and must be decided by the policy committee," insisted Taft, who is policy chairman.

Obediently, "Taft's office boy from Nebraska" herded Bridges into a corner and asked him to hold off a few days. The senator from New Hampshire objected, but Wherry threatened to block the bill on the floor.

So the U. S. Air Force, which is lagging behind Russia in building new planes, was forced to wait upon Taft.

**The Far-Flung Oil Lobby**

To understand the ramifications of the oil lobby, you have to realize that it has two great goals — Arabian oil and Tidelands oil. These comprise the two greatest untapped oil resources in the world.

It isn't fair to put every American oil company in the lobby, because a lot of them only suffer as a result of the bad publicity stirred up by their competitors. Actually, Standard Oil of California and the Texas Oil Company are the prime movers in the lobby, with the Guaranty Trust Co. and some of the big bankers putting up considerable amounts of dough.

To understand one phase of how the lobby works, you need only call the roll of government officials who worked for the Arab-American oil combine. Oil men were able to put their own officials inside the government, then draw them out again, almost at will. So it's easy to see how the lobby operates with the greased lightning efficiency — whether it be Palestine or selling overpriced oil.

Here is a list of key officials who at one time or another worked for both sides:

Adm. Andrew F. Carter, head of the Army-Navy Petroleum Board, now with the American-Arabian oil combine. His brother Adm. William J. Carter, was in charge of naval purchases and ordered the Arabian oil for which the navy paid \$38,000,000 too much.

James Duce, head of the foreign division of the Petroleum Administration for war, is now vice president of American-Arabian oil.

C. F. Snodgrass, served under Duce in the government, is now with International Corp., employed to build the Arabian pipeline.

Momdr. Ralph Fowler of the navy's fuel division, participated in the negotiations by which the navy purchased high priced Arabian oil, is now employed by the American-Arabian Oil Co.

Lt. Col. E. P. Kavanaugh, on the army-navy oil board, got special priorities for American-Arabian oil to build its refinery. He now represents the combine in Washington.

Franz von Schilling was Middle Eastern oil attaché for the state department in Cairo, while on leave from the oil combine. He is now back with them.

J. Howard Marshall, general counsel for the Petroleum Administration for war, is attorney for Standard Oil of California.

No matter how conscientious some of these may have been, it is difficult for anyone to determine the dividing line between

## Calls Bankers to Combat Inflation

ST. LOUIS, May 5—(P)—Joseph M. Dodge of Detroit, president of the American Bankers' Association, said Tuesday that increased use of bank credit is a result of inflation, and not the cause.

Dodge told a meeting of the Missouri Bankers Association that government spending and other acts have contributed more to the inflationary situation "than any possible acts of all the banks combined."

"Increased use of bank credit is not and has not been an important factor," he said.

Dodge appealed to the bankers to fight inflation, saying that the major problem of American economy today "is to avoid any of the extremes of inflation or deflation which have plagued its past history."

Robert L. Thornton, chairman of the board of the Mercantile National Bank of Dallas, Tex., told the bankers that the United States will see its greatest volume of business in its history during the next decade or two.

Thornton expressed little fear of inflation, if watched carefully. He said the nation in the past has suf-

## If Stomach Gas or Sour Food Taste Robs You of Sleep

Here's How You May Help, Whether You Eat 500 Pounds or 2000 Pounds of Food In a Year

You can't feel cheerful, be happy and sleep well, if your stomach is always upset. As age advances the "old stomach" needs more help. The reason is this: Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains very special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other alkalis to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

## Mellott Refuses An Injunction

KANSAS CITY, Kas., May 5—(P)—Federal Judge Arthur J. Mellott Tuesday refused to issue a temporary restraining order that was sought by packinghouse workers against the police and Mayor Clark E. Tucker.

Judge Mellott held no likelihood of an "immediate and irreparable injury" existed. He set a hearing on the injunction for May 12.

The Packinghouse Workers Union (CIO) which is on strike against three major packing plants here, asked for the restraining order as a result of a police battle with Cudahy Packing Co., strikers April 23. The union charged police brutality.

The union served a 24-hour strike notice today on an independent packing house which has been killing 1,800 cattle a week. Seven other independents were closed April 26 in protest against the police mele.

This will leave only Swift & Co., still operating here. This plant granted a 9-cent an hour increase to an AFL union.

## The Innocent Impostor

By Renee Shann  
 COPYRIGHT BY RENEE SHANN;

THE STORY: *Patience Mend goes to London three times a week to attend dressmaking school. It is the only freedom allowed her by the two old-fashioned aunts who have brought her up and with whom she lives in the country. On the commuting train she meets Paul Taylor, who lives in a neighboring village and who finds himself attracted to the young girl. They date secretly, but the aunts find out, and force Patience to promise not to see Paul again. Heartbroken, she keeps her word. Charlotte, Patience's long-lost twin, turns up. She is now a stage star, soon to open in a London show. Appalled at the revelation, Patience has obviously led. Charlotte is determined to see that she gets some fun. She invites Patience to the day, dresses her smartly from her own wardrobe. Patience looks lovely. Charlotte tells her they are lunching with Roger, a popular actor; jokingly begging her not to take Roger away from her.*

XII

THE telephone bell rang at that moment. Charlotte picked up the receiver.

"Hello, who is that?"

"Miss Charlotte? Mr. Breeden's secretary here. Will you hold the line, please? Mr. Breeden wishes to speak to you."

Charlotte glanced back over her shoulder at Patience. "This is a call I've been waiting for for weeks. It's Dwight Breeden. He's head of G.R.P. You know, the big movie people. They're just starting up here in England. Hello, yes?"

"Miss Charlotte? Dwight Breeden here. We met at a cocktail party back in the States, remember?"

"Yes, of course. And you said you'd get in touch with me when I came to England."

"Sure I did. Well, I'm doing so now. Listen, I'm casting a new picture. I want a premiere dancer. It's a big musical. How about our meeting for lunch today and talking things over?"

Charlotte hesitated. And asked herself angrily why her profes-

sional life need intrude on her private life just today of all days. Only this was a chance in a thousand. Swiftly she made up her mind.

"That'll be grand," she said. "I'd love to meet you."

"Twelve-thirty at the Savoy Grill suit you?"

"Yes, I'll be there." She replaced the receiver and swung around to Patience. "Sorry, darling, but I'm afraid you'll have to entertain Roger on your own. I'll leave a note for you to give him that I'll explain things. It's fiendish bad luck, but when Dwight Breeden asks a girl to lunch, if she's any ambition at all she turns up with her boots blacked to see what's cooking."

PATIENCE looked at her sister in horror. She told herself she couldn't face it. Not lunch alone with some completely strange young man!

"Charlotte, I can't. Please—truly, I'd so much rather not—I'll be absolutely scared stiff."

"Don't be silly," Charlotte said briskly. "Of course you're going to lunch with Roger! And what's more, my pet, unless I'm very much mistaken, you're going to thoroughly enjoy it."

Patience swallowed hard.

"But he's expecting you to be there, too."

"That'll be all right. He'll see me this evening. We're dining together. Actually though I hope I'll be able to join up with you both at the matinee. He's got seats for the show at the Adelphi. I'll come right along there the moment Mr. Breeden has decided how much he's going to pay me."

Patience sighed. It looked as if she'd have to go through with it. "And it's going to be quite a lot," went on Charlotte firmly, putting on a hat which Patience thought looked exactly like a bunch of flowers and arranging

carefully the drift of filmy veiling. "Now I'll just write two lines to Roger."

She dashed them off at the writing-table and handed the envelope to Patience. She paused for a moment on her way to the door.

"Don't be frightened of Roger. He's quite harmless really. Don't scream for help if he tries to make a pass at you. Just tell him you're not that sort of a girl."

PATIENCE blinked. "Charlotte, he—he won't do that, surely?"

"Well, my sweet, he may try to hold your hand in the theater. That's usually his preliminary maneuver."

"But if he's in love with you?"

Charlotte laughed wryly. "Darling, I very much fear that doesn't stop him making love to other girls. It's all right. Don't look so worried. Goodbye for the time being. I'll see you at the theater."

She was gone, leaving a flurry of perfume behind her. Patience looked at the door and wondered whether she'd dash after her. At any rate whether she'd take the next lift down to the ground floor and walk quietly out of the hotel, never maybe to return to it. But if she did this Charlotte would think her such a little ninny. Besides she didn't really want to. Or did she? She didn't quite know. She felt in a whirl. Life as lived by Charlotte was something quite new to her. Did a man, meeting a girl for the first time, want to hold her hand at a theater? Supposing the girl didn't want her hand held? She certainly wasn't going to allow such a liberty.

The telephone bell rang and she almost jumped out of her skin. She picked up the receiver.

"Hello," she said.

"Hello, darling," said a man's voice. "I'm right here in the lounge waiting for you."

"I—I'll come down."

She replaced the receiver and picked up Charlotte's note and her handbag. She walked along the corridor towards the lift wishing her knees didn't shake so absurdly.

**Ed Carey is Sky-High!**

Ed Carey got his pilot's license Saturday—the first farmer in our town to fly his own plane.

But as Ed says, getting his license doesn't put him on his own. His plane is subject to a periodic inspection, just as Ed himself is subject to strict flying regulations. And if either plane or pilot violates the rules they're simply "grounded" immediately.

He was talking about it to Andy Bothin, who owns and runs the Garden Tavern. And as Andy says, it's the same with folks who sell

beer. Getting a license doesn't put them on their own. The Brewers check to see that they and their taverns are a credit to the industry and the community.

So far I haven't heard of many tavern keepers being "grounded." And from where I sit, it's because of that program of "Self Regulation" by which the licensed tavern keeper, just like the licensed pilot, becomes part of a program of healthy control.

## Signs Bill For On-Job Trainees

WASHINGTON, May 5—(P)—President Truman signed Tuesday legislation raising "ceilings" for on-the-job trainees under the GI bill.

The measure will have the effect of boosting monthly subsistence allowance checks for many of the 479,000 veterans in job-training establishments.

Ceilings have been \$175 and \$200 a month for a veteran with no dependents and with one or more dependents respectively.

The new ceilings are \$210 (with no dependents), \$270 (with one) and \$290 (with two or more).

This means a single veteran training on the job may in most cases earn up to \$145 a month and still draw the full \$65. government-paid subsistence allowance. (Heretofore the allowance was cut back as soon as earnings passed \$110 a month).

Veterans with dependents may earn correspondingly more in wages before their \$90 allowance is reduced.

by magic. There is no magic in a better world. The only way a better world can be attained is through the power of Christ and the miracle of God's love."

**Secretary on Program**

J. H. Tilsley, state secretary for Missouri, was the speaker at the Minister's meeting Tuesday evening at the First Christian church, on the topic "Hot Off My Heart."

"Out of 782 Christian churches in Missouri there are fulltime ministerial leadership for 297 and Sunday ministers for 107," he said, "this means a crying need for ministers and lay leadership. The strong church must adopt the father the small churches until they grow up to self support. Mr. Tilsley made a plea that the attitude of all of the leaders of the Christian church be full cooperation with the leader communions, in order that the unreached of Missouri may know Christ and begin to live the Christian way."

**Thursday's Program**

Thursday's program follows: 8:00 to 9:15 a. m. Missouri State Board Breakfast, J. H. Stidham, presiding. Business sessions. Organizing of State Board. Missionary Breakfast, Presiding, Mrs. Jack Lester, Kansas City. Address, Peter Solomon, Phillips University. Forum, "Our Place in the Crusade."

**Opening Day Success**

The first day of the 109th annual church convention ended with much success and a crowded attendance.

At 6:15 o'clock, 115 ministers had dinner in the basement of the First Christian church with Rev. Edgar L. Knight, Sedalia, presiding with a short program.

While the ministers were having dinner at the Christian church their wives were dining at the Trinity Lutheran church, with Mrs. Bert Stover, Macon, presiding.

Following the dinners, services commenced at 7:45 o'clock at the First Christian church with Thomas Toler, Kansas City, vice-president, presiding.

Greetings were given by Dr. H. U. Campbell, president, Sedalia Ministerial Association, Rev. Edgar L. Knight, pastor, Host church.

**Talk by Rev. Fields**

Rev. Roy Fields, pastor of the Central Christian church of Springfield, and the president of the convention, talked on "The Dimensions of Progress," the same topic on which he used ten years ago before the convention, bringing it now up to the present day problems.

The speaker gave many suggestions; a realistic survey of the status of the Christian church in Missouri; The kind of people, number and size of churches and the dying out of many of the churches; others on the way out; Revitalization of the church to meet the situation; Adequate leadership, Adequate support, and cooperation.

These the speaker stressed, are the things that build the church. "An Intense Struggle"

In speaking on the subject, "The Church's Answer," H. B. McCormick, president of the United Christian Missionary Society, from Indianapolis said "Civilization is in a period of intense struggle on a wider area than ever before in human history."

"The question is," Mr. McCormick said, "how are we going to solve this problem?"

The major proposal in congress, Mr. McCormick said, is armament. This could prevent attack and give an opportunity to work toward peace but it couldn't prevent war. "If you take the sword you perish by the sword."

Second, there is economic determination by giving money we will get peace. That will help temporarily, Mr. McCormick said, but we do not believe in dollar diplomacy. Jesus said we pray for our daily bread but cannot live by bread alone.

Jesus' proposal, Mr. McCormick said, "is typified by the pie thrown across the sky at the time of his birth, the message of peace on earth goodwill toward men."

"If you can't force a husband and wife to live together," said Mr. McCormick, and you can't make a child love its parents by force you cannot hold the world together by force. The church needs a great united program setting forth the message of universal brotherhood."

**Publication Exhibit**

A mass publication, featuring the latest in visual education and handwork, under the auspices of the American Bible Society, Christian Board of Publication, Disciples of Christ Historical Society, and United Christian Missionary Society are serried together at the First Christian church.

Numerous agents for these organizations are following the conventions held throughout the country and abroad in building world friendship.

Wallace Answers Hecklers

A serious Henry Wallace tells hecklers at a rally in Columbia, Mo., that he would not be able to enjoy free speech in Russia and accuses them of being "fellow travelers" because they are interfering with his right to free speech and the right of the crowd to hear what he has to say. The crowd was estimated by police at 5,000 persons. Wallace spoke from a platform on the lawn of the Boone county courthouse. A large part of his audience was made up of students from Columbia's three colleges. (Associated Press Photo)

ature in religion, several photostatic copies of the valuable letters are on display such as the facsimile of the letter of Barton W. Stone, written in 1817, a deed that John Brown gave to his son-in-law, Alexander Campbell, in 1815, to keep him from helping found a religious colony in Ohio.

The American Bible Society, probably the oldest inter-denominational agency in the United States, with portions of the Bible being translated with over 1,000 different languages and dialects, is on display.

Particularly in interest is the collection of 1000 pairs of small Chinese shoes made in China's missions, and sold for the China Relief Program.

**Speaker Tuesday Morning**

Don McGavran, missionary to India, was the speaker at the Tuesday morning session talking on the subject "Christian Confront This Present World."

The first part of Mr. McGavran's talk dealt with the present dilemma. Five small wars are now going on. Mr. McGavran believes we are in a war which will end in our lifetime but which has been really going on since 1914. There is an onward march on secularism by which men seek to deny the effectiveness of God. he declared, adding, "There is a tremendous standardization in sub-Christian types of conduct. All do the sub-Christian type of things. The power of the American Christianity is untouched. Mr. McGavran said. Resources of manhood and womanhood are unlimited as are financial resources. The goal of sending out missionaries should be a minimum of one out of every 99 members of the church, he added."

Walnut Grove 4-H Club Talks Projects

The Walnut Grove 4-H girls held their first project meeting at the home of their project leader, Mrs. Howard Paige. All girls, with the exception of one, were present. Anna Lee Harvey was elected girls chairman, and Ruth Harvey was elected reporter.

They discussed projects and plans for the coming year. Mrs. Paige reported on leader training meetings she has attended.

Refreshments were served and the meeting adjourned.

Annual Spring Meeting At Florence

The Central Missouri Regional Women's Guild of the Evangelical and Reformed church held its annual spring meeting Monday, May 3, at St. John's Evangelical and Reformed church, Florence with 103 delegates and visitors registered.

Mrs. Victor Heinrichs of Jefferson City opened the meeting with a service of worship. Mrs. Clarence Bremer, president of the hostess guild, extended a welcome. The business meeting which followed was presided over by the regional president, Mrs. Ernest Liebel, Sedalia.

Annual reports were given by the president; Mrs. J. E. Neubauer, Booneville, secretary and Mrs. Paul Schoppe, California, treasurer.

Mrs. Liebel reported growth in all departments but stressed the need for more study in order to bring each department up to its fullest possibility.

**Explained Student Chapel Work**

Mrs. Leonard Voss, Columbia, explained the work of the Student Chapel at Columbia which is supported jointly by the Congregational Christian and the Evangelical and Reformed churches. She emphasized the spiritual values gained by university and college students who participate in chapel activities.

Department reports were given in the form of an open forum. Those participating were: Mrs. Liebel, who served as moderator, Mrs. Henry Damm, Jefferson City, Regional vice president and president of the Kansas City Synodical Women's Guild; Mrs. Heinrichs, Spiritual life chairman; Mrs. Voss, Christian citizenship chairman; Mrs. Hubert Smith, Sedalia Social Service chairman; Mrs. C. Frederick Stoeker, Columbia, Thanks Offering chairman of the Kansas City Synodical Women's Guild; Mrs. Meta Bueker, Booneville, Stewardship chairman and Mrs. Leonard Williams, Sedalia Education chairman; Mrs. Liebel summarized with a quotation, "Religion that ends with the individual—ends!"

**Forecast for 1948**

During the afternoon session, Mrs. Damm addressed the assembly with a "Forecast for 1948" in which she outlined goals for which each guild should strive.

Mrs. W. W. Towle, St. Louis, president of the Congregational Women's Missionary Society of Missouri, gave an inspiring address, "Not Strangers, but Brethren." She spoke of the merger now in progress between the Congregational Christian church and the Evangelical and Reformed church. Illustrating a point, she told of the object which at a distance looked like a hill but when it moved appeared as a tree. As the observer viewed it at increasingly closer range, it appeared successively, as a bear, a man and finally as a brother.

The Rev. Mr. Paul Schappe, California, installed the following officers: Mrs. Leonard Voss, president, Columbia; Mrs. Hobart Dahler, secretary, California; Mrs. Hubert Smith, Sedalia, treasurer; Mrs. Paul Schappe, California.

Mrs. Liebel was presented by the regional board with a gift of costume jewelry. Mrs. Damm, who made the presentation, praised the four years of devotion and effort which the retiring president has given in her four years of office in the Central Missouri Regional Guild.

**Undergoes Operation**

Mrs. Gus Blatterman, of 1720 South Ohio avenue, underwent a major operation at the Ravenswaay hospital, Tuesday, at 11 o'clock. Her condition is reported as being favorable.

Mrs. Bryan Evans, of 501 Dal Whi-Mo court and Mrs. L. G. Hancock of 720 South Ohio avenue, have been with their mother while in the hospital.

**Old Fashioned Revival Service**

There will be a special old fashioned service at the First Church of the Open Bible, 701 East Fifth street, Thursday night. Members will wear their work clothes; the men their work clothes and the women their print dresses.

The light for this special service will be furnished by old-fashioned kerosene lamps and the sermon by Evangelist Ralph Oiler from Hot Springs, South Dakota, will be in keeping with the spirit of the service. There will be special music and singing in this service.

Studies and Labor for Student

When Alejandro Cardenas, left, 21, Mexican student at St. Joseph's college, Hays, Kansas, underwent an emergency operation recently, his brother, Arturo, right, 24, took to extracurricular manual labor to pay medical bills and keep the pair in school. At left they are shown with Rev. Adrian Conrad of the college faculty; at right, driver Eddie Pfannenstiel instructs Arturo, left, in his job with a Hays construction company. The brothers, from a family of ten children orphaned by the death of their Mexico City farmer-father, are studying for careers as physician and chemical engineer respectively. (NEA TELEPHOTO)

Considerable Storm Damage in Syracuse

A much needed rain started falling in Syracuse about 6:30 o'clock Saturday evening, which was accompanied by an electric storm. The second storm hit about 8:00 o'clock when a severe hail storm and strong wind hit the community. Hail stones fell as large as walnuts, breaking out window glass and beating holes in roofs. The damage is estimated high, in the thousand dollar bracket, to property and much higher to the crops. One farmer north of town, Ed Linkard, estimated the damage to his wheat and oat crop at \$4,000. The gardens are left nearly bare, a few plants here and there.

About half the leaves were beaten off the trees and shrubs. Electric lights went out during the storm leaving the little town in darkness.

**NEW PEP FOR WEARY HENS!**

When your hens hit a laying slump, what's the answer? Chances are, a good many of the layers are run down from months of steady egg production. Such birds need a tonic like Dr. Salsbury's AVI-TAB to aid digestive processes and improve appetites. Try AVI-TAB and watch your hens respond!

**They Start Life lazy inside**

Chicks' feed-using machinery is not very efficient - that's what we mean by lazy inside.

At the Dr. Hess Research Farm, the folks in charge of poultry have always been able to step up that efficiency by adding Pan-Amin to the feed. Research Farm pullet chicks getting Pan-Amin have always made better layers.

Another thing Pan-Amin does is give chicks protective minerals - for example, manganese, which helps prevent slipped tendons.

**Now Is The Time to worm Sheep**

Many a sheepman will tell you worms practically put him out of the sheep business, and if phenothiazine hadn't come along he wouldn't be raising sheep.

The first phenothiazine on the market in quantity was PTZ - the Dr. Hess brand. More PTZ is used than any other brand.

Now's the time for spring worming. Use either PTZ Pellets or PTZ Powder in a drench (mixes readily with water). Some sheepmen think Pellets are easier to give. Use PTZ as directed on the package.

**RAT HARVEST**

After using Anturat around the barn and chicken house, a Kansas farmer gathered up a wheelbarrow load of dead rats. An Iowa farmer picked up 235 dead rats; an Ohio farmer, 2 five-gallon pails full.

Anturat is not dangerous to livestock and pets if properly handled. It is least toxic to poultry. You can use it in baits or as a tracking poison.

Try the 8-ounce farm size. Satisfaction guaranteed.

## Cards Follow Formula of 46-47 Season

'Win at Night and You Win the Pennant'  
Two Such Are Won

By Joe Reichler  
Associated Press Sports Writer  
The St. Louis Cardinals are following an old National League custom—win at night and you win the pennant.

That proved to be the winning formula in 1946 and 1947. The Red Birds were the best night owls in '46, winning 32 and losing 22 for a .593 percentage. Brooklyn was second at night, 12 percentage points behind. The end of the season found the Cards nosing out the Dodgers in a playoff for the flag by almost the identical margin—13 percentage points.

**Cards Were Second**  
Last year it was the other way around. Brooklyn had the best night game percentage .703. The Cards were second with .689. That's the way they finished during the regular season—one-two.

The Cardinals have played twice under the lights this season and won both times. They gained their second victory last night, defeating the Dodgers in St. Louis 5-4. Last Saturday they whipped the Chicago Cubs, 4-0.

The Cards take undisputed possession of third place, a full game ahead of the fourth place Dodgers.

That was the only National League game yesterday. Rain washed out the scheduled day contest between the Philadelphia Phillies and Cubs at Chicago. A heavy downpour also put an abrupt halt to the Boston Braves-Pirates night game at Pittsburgh after the Bucs had taken a three-inning 3-0 lead. The New York Giants and Cincinnati Reds were not scheduled.

**Hustling Athletics**  
The hustling Philadelphia Athletics gained ground on the American league leading Cleveland Indians when they nipped the Tribe 8-6 in 10 innings at Philadelphia. The two teams are even in games. But the Indians lead by 52 percentage points, having played fewer games.

The New York Yankees moved up to third place, within a half game of the leaders, by thrashing the St. Louis Browns 6-1 at the Yankee Stadium.

The Boston Red Sox registered their third successive victory as they pasted the Detroit Tigers 6-3 at Fenway park.

In the American league's only night game, the Chicago White Sox scored two runs in the top of the fifth inning to tie the Senators in Washington 3-3. Rain ended the game at the end of the fifth.

## Sports Roundup

By Hugh Fullerton, Jr.  
NEW YORK, May 5—(AP)—When Pepper Martin turned up at Norman, Okla., to do some scouting for the Dodgers at the state high school baseball tournament (75 teams this year), he spotted Bud Wilkinson's football team drilling on an adjacent field. . . . The 44-year-old Pepper drifted over and challenged Jack Mitchell, star Sooner back, to a foot-race. . . . Martin won the first 40-yard dash by a yard, then lost by one stride to Tommy Gray, Oklahoma's fastest footballer. . . . Pepper then panted: "I can't come back as fast as I used to." . . . One of the players in that high school tourney was Wilcy Moore, Jr., son of the old time Yankee relief hurler, Wilcy, Jr., is a pitcher-outfielder for Hollis, Oklahoma, high school, while another son, Bill, is a freshman outfielder at the same school. . . . Apparently they both can hit better than their old man.

**A Miss as Good as a Mule**  
At a recent dinner in Kansas City, Baseball Commissioner Happy Chandler and sandlot czar Ray Dumont had a lot of fun handing each other compliments—right and left handed. . . . Naturally there was some mention of Ray's celebrated circus stunts, but Dumont had the last word: "Our good friend, Mr. Chandler, still is a Democrat at heart. Don't be surprised to see a revival of that sport—donkey baseball."

**One-Minute Sports Page**  
Look for a warm day in Chicago May 11 when the National Basketball league bosses meet. A hot session is promised and there is even some talk of drafting a Chicago baseball writer as commissioner, since Piggy Lambert says he's stepping out.

## Toss Pop Bottles In Association

By The Associated Press  
The battle for the American Association lead is becoming so hot that everybody wants to get in on the act, even the fans.

The customers did some pitching at St. Paul last night. They began tossing pop bottles as the Saints defeated the league leading Indianapolis Indians, 4-2.

In the first half of the ninth inning, Umpire Bob Austin thumbed the entire non-playing St. Paul team from the dugout, including Manager Walt Alston. This gesture climaxed Austin's eighth inning act of tossing out Pitcher Morrie Martin for protesting too strongly on a called fourth ball. Martin got credit for the win when veteran Slick Coffman replaced him and set the Indians down in order the rest of the way.

Minneapolis also won, walloping Toledo in a battle of home runs, 11-5.

The Millers and Saints remained deadlocked in second place with 12-7 records, two games behind the Tribe.

At Milwaukee, the Brewers bested Louisville 6-4 with Al Epperly pitching and batting the way to his third straight victory.

Epperly had a perfect day at bat with two triples, a single and a walk.

Columbus jammed across four runs in the sixth inning to down Kansas City 6-3.

Today's games:  
Toledo at Minneapolis (night).  
Indianapolis at St. Paul (night).  
Columbus at Kan. City (night).  
Louisville at Milwaukee.

## B. J. Chiefs Will Go to Boonville

The Sedalia Chiefs will open their season Thursday evening with a game against the Boonville Ban Johnson League team, the game to be played in Boonville. The Chiefs will leave at 6 o'clock from the Rodgers Service Station.

Manager Walter Jesse cut the squad Sunday and issued uniforms and jackets to the team members. About 40 boys have been reporting for practice but the squad was cut to 15 players and it is likely that the roster will not be cut further during the remainder of the season. Contracts were also issued and will be turned in league headquarters in a few days.

The following boys have been selected to represent Sedalia in the Ban Johnson League for this season: catchers are Carl Barbour, captain of the team, and Phillip White; pitchers, Donald Eschbacher, Robert Rapp, Jim Egbert; infielders Charles Robinson, Billy Hawley, Carl Sweitzer, Bob Dillard and Ralph Waters; outfielders Joe Waters, Finis Means, Bob Echord and Al Walz.

Another pitcher will be available June 1, when the University of Missouri baseball teams schedule is completed. Don McMillan who is one of the younger pitchers at the university has agreed to pitch for the local team this season.

Don Eschbacher or Jim Egbert will do the pitching Thursday night with Barbour the catcher.

## Battle Royal Girl Wrestlers Tonight's Card

Five Girls in Ring At One Time; Winners Main Event

Five young ladies of the wrestling sport will enter the Sedalia ring tonight in a Battle Royal, the first of such a match ever to be staged in the Sedalia ring among women. They will wrestle until three of the five have been eliminated and the remaining two will then be in the main event.

It is something new being offered to Sedalia fans by Gust Karras, promoter of wrestling here for Pettis County Post No. 16, American Legion. Karras, in a letter to members of the Legion indicated it will be a match well worth seeing, filled with excitement from the time the bell starts starting the affair until the final gong rings out ending it.

The five are Dot Dotson, Houston, Texas; Helen Hild, Omaha, Neb.; Mae Young, Tulsa, Okla.; the wrestling evangelist; Violet Viann, Kansas City and Tresa Trice, Twin Falls, Minn.

The referee to handle the match has not been announced, but regardless who he is he will find he has his hands full trying to watch five girls. "It's hard enough to handle two," said Karras, "but five, that's four too many."

The opening match brings together two well known figures in the sport in Sonny Myers, of St. Joseph, Mo., and Lord Albert Mills, London, England. Both men are experts in the profession and both have displayed their abilities in the Sedalia ring.

Certainly everyone has been watching Myers in his progress over the past three years, while Mills, a more experienced mat man, is due for a going over in tonight's event.

The opening or semi-windup event gets under way at 8:30 o'clock.

## Blues to Play J. C. Red Birds Tonight

The Sedalia Blues will go to Jefferson City tonight, where at 8:00 o'clock they will meet the Jefferson City Red Birds.

Sedalia fans will well remember the Red Birds as they played brilliant ball here last year in the state semi-pro tournament.

Neither manager has announced a starting line-up. All players on the Blues' roster are requested to be at Housel Park for the trip at 5:30 o'clock.

This is the opening night game at Jefferson City and a large crowd is expected. A parade is to be held this afternoon at the Capital City, prior to dedicating the

## Rule Earl Sande Off Major Tracks

NEW YORK, May 5—(AP)—Earl Sande, the "handy guy" of the saddle who made riding history a generation ago and later turned race horse owner and trainer, has been ruled off the nation's major tracks for 60 days.

The Jockey Club Stewards handed out the suspension yesterday, 24 hours after the balding, 49-year-old former jockey had been arraigned on a federal charge of illegally possessing narcotics.

### L. B. Mayer on Public Payroll At \$2 a Day

WASHINGTON, May 5—(AP)—Movie maker Louis B. Mayer, one of the nation's highest paid people, is on the public payroll—at \$2 a day.

The man whose income, according to the latest treasury report, hits \$501,271 annually is toiling away as a witness in a U. S. district court trial.

In addition to his \$2 salary, Mayer is entitled to another \$3 a day for board and room, plus five cents a mile traveling expenses.

He took one look at the crowded, dingy witness room, and decided it was not for the likes of Louis B. Mayer.

So he hired a shiny limousine, with shiny chauffeur. He uses the limousine as his private witness room.

Each day the limousine has been parked in front of the courthouse, in a no parking zone near a fire plug. From time to time Mayer emerges to see how things are going in the world outside.

He came out of his cocoon long enough today to tell a reporter that, despite his fancy furnishings, he isn't fond of his job, or of Washington.

Mayer was here last fall for the house un-American Activities committee hearing on Hollywood. "I don't want to come," Mayer said, "I don't mind doing my duty, but I kept trying to explain to the committee that I didn't know these people, and that they should bring in my manager, who did."

"But No, they had to have Mayer." "And they kept saying, 'How about getting us Clark Gable?'"

That hearing is the reason for Mayer's return. Dalton Trumbo, one of Mayer's writers, was charged with contempt of congress, and Mayer was called in as a witness at the trial.

Mayer sighed when he said: "Well, one thing, this can't go on much longer."

"And why not, L.B?" "I've run out of clean shirts," he said.

# Hal Boyle's Column

**By Hal Boyle**

LEAD, S. D., May 4—(P)—The story of gold in the Black Hills—and it is the same story everywhere—is summed up in the life of one little man and one giant corporation.

The man was — past tense — "Potato Creek Johnny" Perrett, a bewhiskered old prospector who spent his lifetime searching for gold in chunks and did manage to find the biggest nugget ever turned up in these "magic mountains."

The corporation is — present tense — the Homestake Mining Company, which has been looking for gold in specks here since 1877.

The specks paid off better than the nuggets. Potato Creek Johnny lived out his life in hopeful poverty. The Homestake became the largest gold mine in the western hemisphere. It is still producing.

**Typical of Early Adventures**

Potato Creek Johnny was typical of earlier adventurers who blocked here by the thousands after the electric news swept America in 1874: "Gold has been found in the Black Hills." It was found by two scouts for Gen. George A. Custer.

The white men paid no heed to government warnings to keep out of the area, which belonged to the Sioux Indians. Mining towns rose, flourished and died in a period of months. Ben became wealthy overnight. The Indians finally gave up their lands and received their customary reward — a paper treaty from the Great White Father and a lot of fragile promises.

As the gold dwindled in the creek beds, the boom died and the adventurers moved on or settled down to workaday jobs.

Then began the period of business adventure in gold mining. A syndicate from San Francisco in 1876 purchased two claims totaling ten acres and began a systematic and scientific mining gamble on the Homestake site.

**Took Big Money**

It took big money, but the syndicate had it. It ripped great holes in the earth and built its own smelter.

But a few of the old time prospectors stayed on. With a burro for company and a pick, shovel and pan for tools they ranged the hills and creekbeds, caught by a fever that never died — the hope of the "Big Find," the new Eldorado that always was around the next bend, somewhere on the next ridge.

The nuggets were few, the specks many. The Homestake sank new shafts, hired more men, installed huge machinery, built its own sawmill and power plant, expanded to 6,000 acres.

As the years bent him down, old Potato Creek Johnny became a Black Hills symbol, a faded picturesque character familiar to thousands of tourists. A mild, pleasant man less than five feet tall, he had sincerity and pride. Sometimes his friends were hard put to figure a way to get him to take the food he needed.

**Johnny Died in 1943**

Johnny died in 1943 and the people of Deadwood buried him in a hillside grave by "Wild Bill" Hickok. The grave overlooked the vast Homestake mine, which provides a livelihood, directly or indirectly, for 30,000 people. It is owned by 13,000 investors, few of whom ever saw raw gold.

The specks taken out of the Homestake amount to more than \$460,000,000. The biggest nugget Potato Creek Johnny ever found was worth \$139.25.

But he never had any regrets. Neither does the Homestake Mining Co., Inc.

**Order Election at Tractor Plant**

WASHINGTON, May 5—(P)—The National Labor Relations Board Tuesday ordered a union representation election at Caterpillar Tractor Company, Peoria, Ill. Almost 20,000 workers have been on strike there since April 8.

The board barred the CIO Farm Equipment Workers, which represented the workers on the 1947 contract, from the ballot.

The union is disqualified to use NLRB facilities because its officers have failed to file non-communist oaths as required by the Taft-Hartley act.

In Chicago, Raymond A. Jacobson, NLRB regional field examiner, announced that the election will be held in the Peoria armory on May 12.

In an independent poll proposed

**Boy is Bitten By a Stray Dog**

John Friend, 500 East Saline street, while en route to Smith-Cotton high school Tuesday morning was attacked by a brown stray dog which bit the boy above the ankle as he was walking in the vicinity of the Katy freight house. Police officer, William Hatfield made an investigation, and picked the dog up. It was taken to the dog pound where it will be kept for nine days and then disposed of. The boy was treated by Dr. David R. Edwards.

by the Peoria Journal Caterpillar workers voted 9,428 to 636 to return to work pending clarification of the strike and the dispute between the various unions over jurisdiction over the employees.

The voting is to be on which of three unions the workers wish to represent them in negotiating a new contract with the company.

**Divorces Granted**
